

WITH MORE BEING ADDED EVERY WEEK!

FLORIDA IT CAREER ALLIANCE INDUSTRY PARTNERS

The Florida IT Career Alliance works with high schools, colleges, and technology employers along the Panhandle of Florida. The purpose of this project is to raise awareness of the opportunities in technology fields. High school and college students will be informed of the opportunities through interactions with FSU and FAMU programs, as well as several community colleges and local industry partners.

HELPING SHAPE THE FUTURE OF FLORIDA'S TECHNOLOGY WORKFORCE

By becoming an industry partner of the Florida IT Career Alliance, your business has the opportunity to:

- Collaborate with students by providing mentorships, workshops, etc.
- Network with high schools, colleges, and universities
- Promote jobs and internships to current students and graduates
- Market your business through career fairs and other venues
- Promote your business within your own professional community or discipline

To inquire about becoming an industry partner of the Florida IT Career Alliance, contact Robert Morris at (850) 465-0446 or ramorris@fsu.edu.
